

Working Committee for Bylaws

During our convention on June 1, 2024 in Casper it was voted to assign a committee to rewrite the WDP Bylaws. The committee will meet several times in person and via online tools over the next several months to create a document late this year or early next year. A special convention of the county delegates to the state convention will be called to vote on and approve bylaws this committee presents.

They're gonna be awesome!
